AVAILABILITY LIST

This is our current availability list for all sized pots (9cm, 2 Litre and 5 Litre) and our open ground (OG) range, this is where you will find our current prices (order quantities under 9 may be subject to a charge of £0.45 as mentioned in our 'Terms of Business'). Please note prices are subject to VAT and a delivery charge. Individual labels are available upon request at an extra cost. Please note all varieties are available to reserve until the End of March.

Please note we are continuing business as normal during this current lockdown.

Ideally please use this list as an order form to place your order. We would prefer you to order from regularly updated lists rather than the catalogue as these regularly updated lists show our current availability. Our 2019-2021 catalogue is issued for a good reference purpose only. Please refer to our catalogue for our 'Terms of Business'.

Please note we generally supply our 9cm pots in trays of 18 but there are exclusions. Where possible please could you ideally order the 9cm size in multiples of 9. Other sizes do not necessarily have to be ordered in multiples of 9.

Due to the planting and growing conditions, as well as the Covid challenges, there has been an impact on the size of some of our field crops, notably the Irises. We apologise that this year not all of our field grown plants will be up to our normal standard, we have now put measures in place to avoid this from happening in the future (Covid permitting). We thank you for your understanding and continued support.
